LONG-TERM GOALS

- **Digital transformation and innovation:** Developing digital platforms and technologies for trade fairs, exhibitions and conferences, including hybrid ones, to extend the reach of events and engage international participants.
- **Sustainability and environmental responsibility:** Implementation of sustainable practices and technologies in trade fair, exhibition and congress activities and within the exhibition grounds to improve the company's environmental profile.
- **Development and diversification of events:** Identification of new trends and market opportunities to expand the portfolio of trade fairs, exhibitions and congresses, including specialised events for high-growth sectors.
- **International expansion and partnerships:** Building strategic partnerships with international organisations and exhibition companies to increase global reach and international participation at events.
- **Education and professional development in and out of the company:** Offering educational programmes, workshops and seminars during trade fairs and exhibitions to raise awareness of the trade fair industry.

ABF MISSION

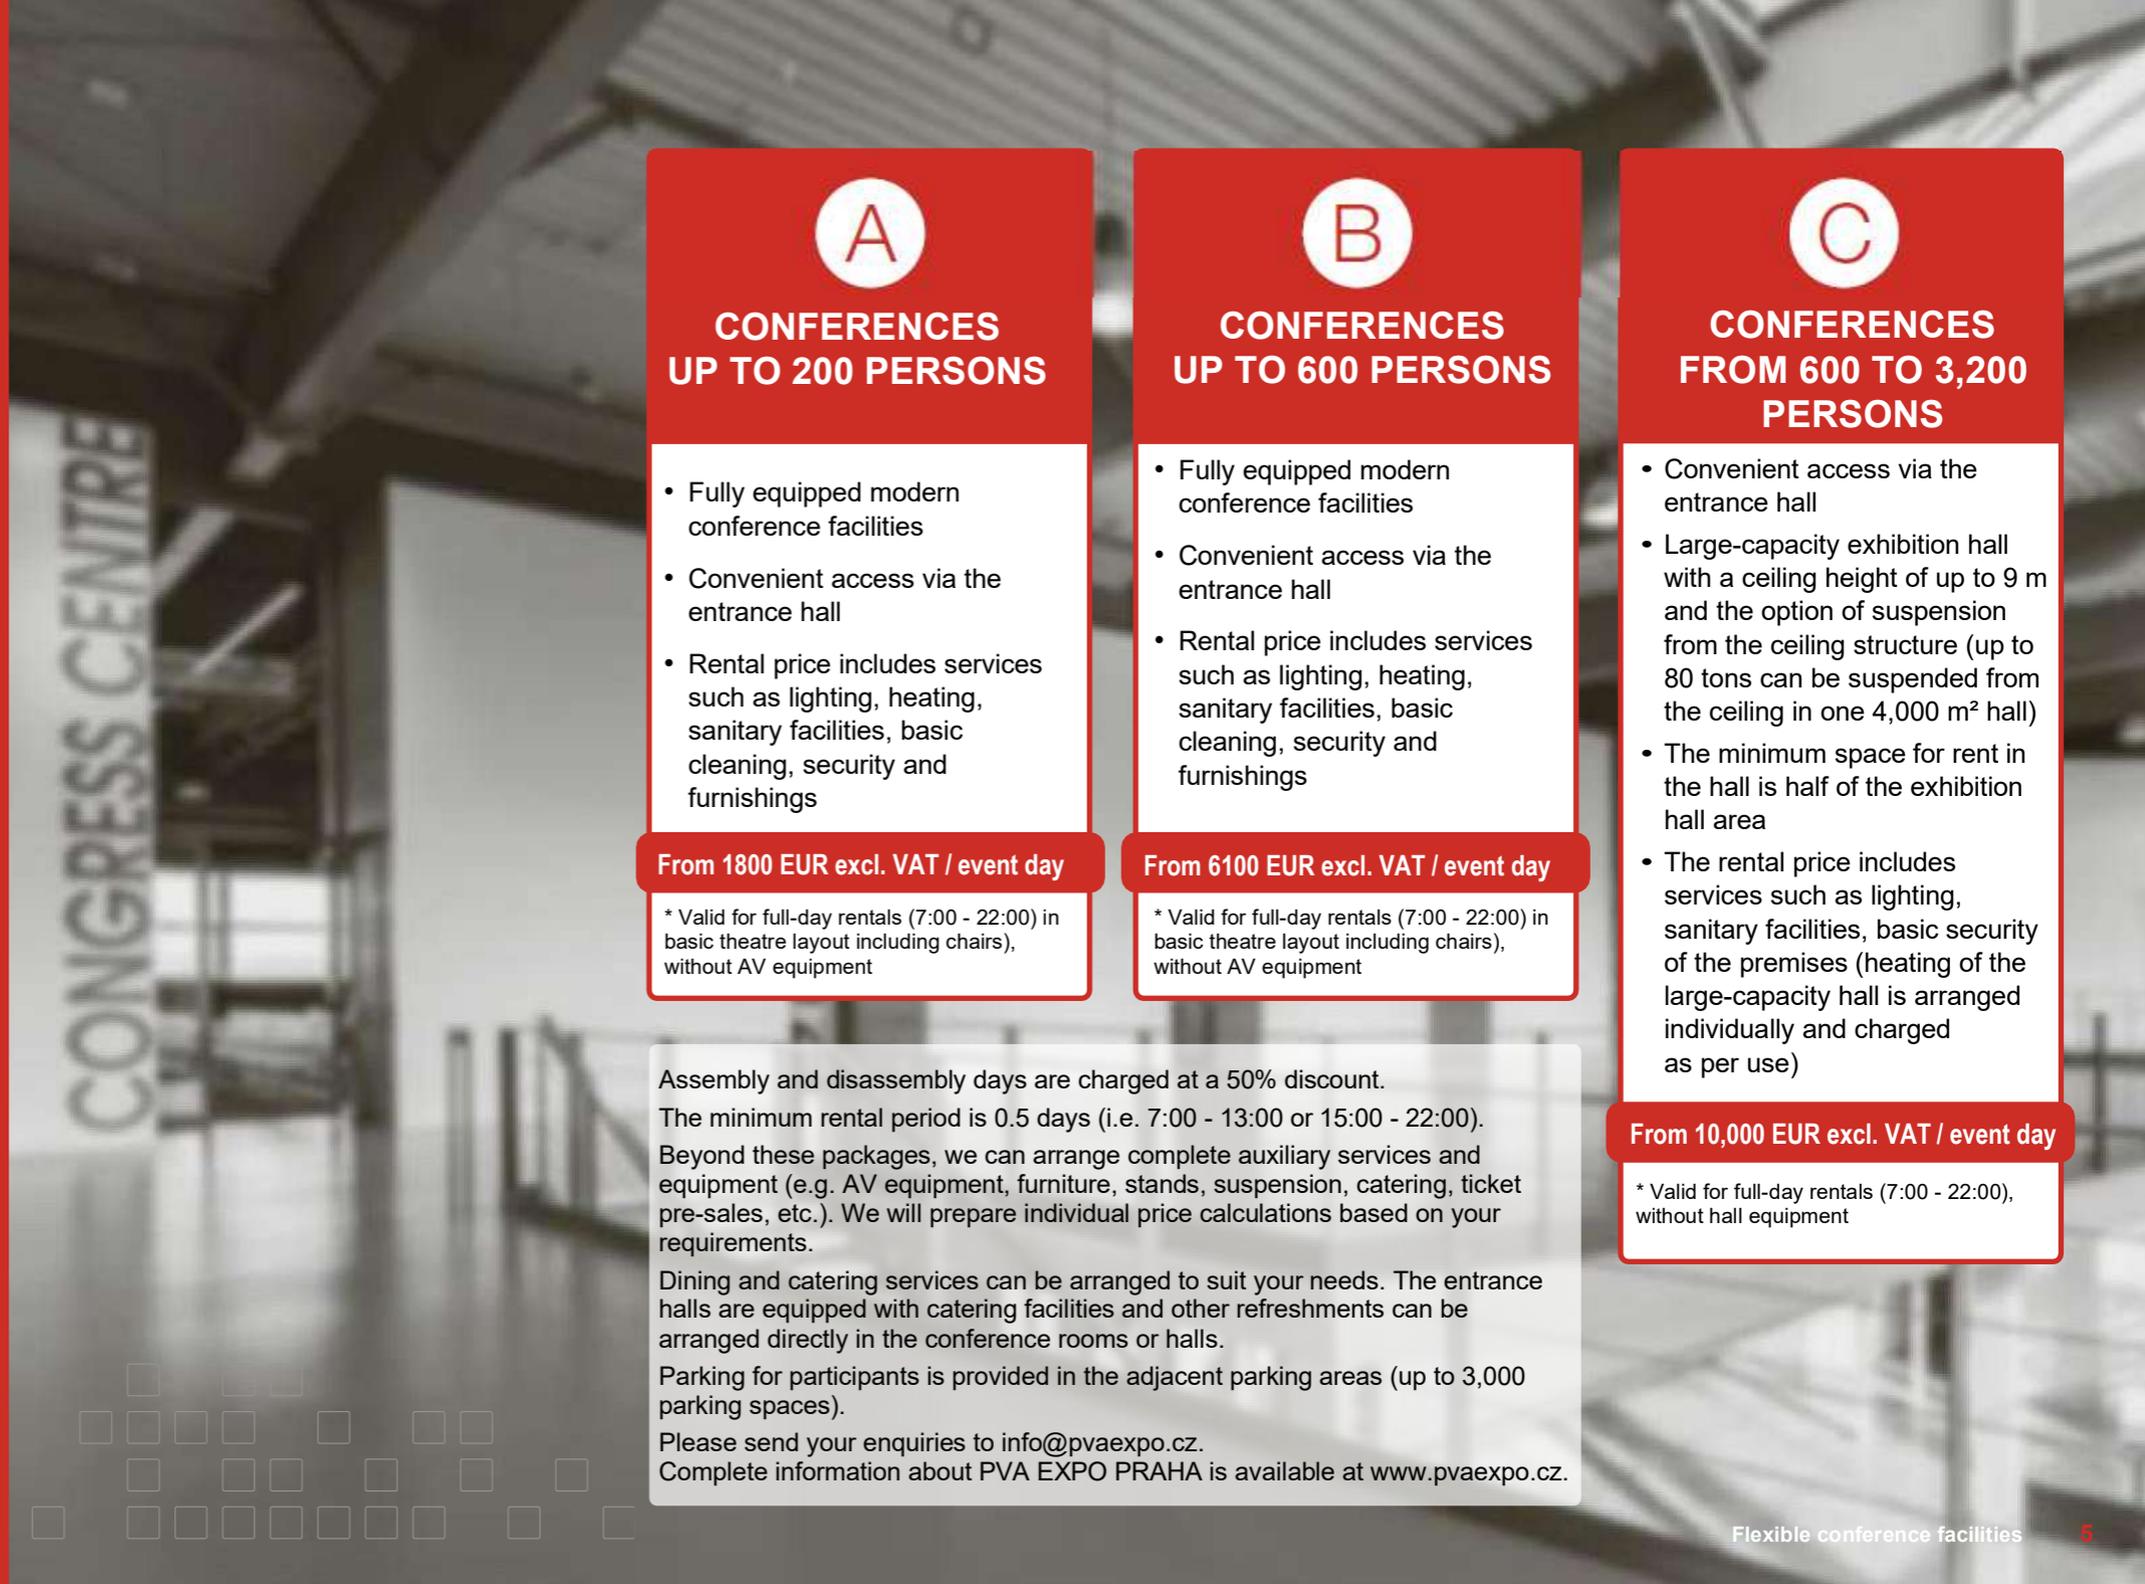

To support domestic industry and key sectors in Central Europe. The company is actively involved in developing and strengthening the competitiveness of local businesses not only on the domestic market, but also internationally. Moreover, it provides opportunities for establishing and intensifying business partnerships and provides an environment for the presentation of products and services. PVA EXPO PRAHA is an ideal place for trade, entertainment and meetings, where business and social activities intertwine. With an emphasis on sustainable and long-term development, ABF and PVA EXPO PRAHA minimises the environmental impact of events and supports sustainable initiatives.

ABF VISION

To focus on creating and building up the trade fair, event and congress industry and culture in the region. Strengthening our leadership position in the trade fair industry and providing high quality and innovative services that support the success and growth of our customers and partners. A key part of the vision is the drive to enter foreign markets, where the company seeks to expand its presence and international influence.

Flexible conference facilities

Whether you are planning a small workshop, a large conference with an accompanying exhibition, a new product launch, an awards ceremony or a corporate event, PVA EXPO PRAHA offers flexible conference facilities to suit your needs.

A
